

RESIDENTS are being urged to come along to the annual town meeting to get an update on events and issues from across the town.

It will also be a chance to meet the new town councillors following last week's local elections.

Taking place on Thursday, May 9, from 7pm, County, District and Town councillors will update the meeting on any issues and projects they have been working on during 2018/19.

The meeting will be chaired by current Mayor, Cllr Sean Gaul, who will also report back on his mayoral year.

Chief Officer Samantha Shippen said: "This is an important annual town meeting, which gives people the opportunity to hear directly from the council on the projects it has been working on as well as hear updates from Bicester's representatives on Cherwell District Council and Oxfordshire County Council."

The meeting takes place at the Council Chamber, The Garth, off Launton Road, at 7pm.
