Schedule 5 (Rule 13(3))

Dear Madam,

The Transport and Works Act 1992

The Transport and Works (Applications and Objections Procedure) (England and Wales) Rules 2006

Proposed Network Rail (East West Rail Bicester to Bedford Improvements) Order

For compliance with rule 13(3) of the Transport and Works (Applications and Objections Procedure) (England and Wales) Rules 2006 we enclose a copy of the application which has been made by Network Rail Infrastructure Limited to the Secretary of State for Transport for an Order under sections 1 and 5 of the Transport and Works Act 1992.

The draft order makes provision for the construction, operation and maintenance of a railway between Bicester and Bedford; Milton Keynes and Aylesbury to facilitate the operation of new passenger services between Oxford and Milton Keynes and Aylesbury.

The draft order will authorise the reinstatement of the partially disused Bicester-to-Bletchley-to-Bedford and Aylesbury-to-Claydon Junction routes, together with the construction of a new station at Winslow, platforms at Bletchley and Aylesbury Vale Parkway; and platform extensions at Woburn Sands and Ridgmont Stations. It is known as East West Rail Western Section Phase 2 (EWR2).

Works are proposed to be undertaken in the County of Oxfordshire (in the District of Cherwell), the County of Buckinghamshire (in the District of Aylesbury Vale) and in the County of Bedfordshire (in the District of Bedford, the District of Central Bedfordshire and the District of Milton Keynes).

We enclose the relevant documents required by Rule 13(3) of the above mentioned rules.

You are served with these documents in your capacity as a body mentioned in category 10 of Schedule 5 to the Rules.

This application is made subject to an environmental impact assessment.

The application contains a statement that a direction for deemed planning permission is being applied for.

Further information about the proposals can be obtained by telephoning Network Rail's national helpline on 0345 11 41 41.

Any objections to, or other representations about, the proposals in the TWA application should be sent to the Secretary of State for Transport c/o Transport and Works Act Orders Unit, General Counsel's Office, Department for Transport, Zone 1/14 - 1/18, Great Minster House, 33 Horseferry Road, London SW1P 4DR, email transportandworksact@dft.gov.uk.

An objection or representation MUST (i) be received by the Secretary of State on or before 7 September 2018, (ii) be made in writing (whether sent by post or email), (iii) state the grounds of the objection or other representation, (iv) indicate who is making the objection or representation, and (v) give an address to which correspondence relating to the objection or representation may be sent. (If you are sending your objection or other representation by email, please provide a postal address and state "Network Rail East West Rail TWA Order" in the subject of the email.)

The Secretary of State may make complete copies of the objections and other representations public, including any personal information in them, and will copy them to the applicant for the Order.

Yours sincerely,

Sophie Moeng
Consultation Manager

**Temporary Traffic Regulation Notice – S14 Road Traffic Regulation Act 1984
Temporary Road Closure at Bicester, London Road (level crossing)**

A request has been received from Centurion Site Services for a temporary road closure to apply to a section of London Road (at the level crossing) whilst essential annual level-crossing maintenance works carried out.

A temporary Notice is being made to implement the temporary closures and will operate from the 2 September 2018 (18:00 – 06:00h).

Access will be maintained for emergency service vehicles and for those frontages within the closure area, subject to the progress of the works and liaison with the works supervisor.

Please note that Notices for urgent works can last up to 5 consecutive days only.

A copy of the drawing showing the extent of the closure and also the alternative routes for traffic is attached.

Further information regarding the works may be obtained by contacting Centurion Site Services.

Subject: Oxfordshire County Council Minerals and Waste Local Plan: Part 2 – Site Allocations - Issues and Options Consultation

Dear Sir/Madam,

Oxfordshire County Council Minerals and Waste Local Plan: Part 2 – Site Allocations

Issues and Options Consultation – Wednesday 8th August to 4pm Wednesday 3rd October 2018

Oxfordshire County Council is now consulting on Issues and Options for the Oxfordshire Minerals and Waste Local Plan: Part 2 – Site Allocations (the Sites Plan). The main purpose of the Sites Plan is to allocate the sites required to provide the additional capacity for minerals supply and waste management as set out within the Minerals and Waste Local Plan: Part 1 – Core Strategy.

Preparation of the Sites Plan follows the adoption of the Core Strategy on 12th September 2017. The Core Strategy sets out the vision, objectives, spatial planning strategy and policies for meeting development requirements for the supply of minerals and the management of waste in Oxfordshire over the period to 2031.

The Issues and Options consultation invites views on:

- What the Sites Plan should cover?
- What issues the Plan should address?
- What options should be considered? – in particular, which sites should be considered for allocation for minerals and waste development?
- What information will assist in the assessment of these options?

This Issues and Options consultation is the first key stage in the preparation of the Sites Plan and is the first formal stage of consultation. At this stage in the plan preparation process, no decisions

have been made as to whether sites should or should not be allocated in the plan or on any other policy matters. The Council aims to adopt the Sites Plan in November 2020.

Renewed Call for Site Nominations

As part of this consultation we are also inviting nominations for sites to be considered for possible allocation in the Sites Plan. If you have a site that you would like to be considered, please complete the appropriate site nomination form and return it to the minerals and waste policy team at the address below. If you have previously nominated a site, please look at the consultation document to check that the information we have presented is still correct. Further information and nomination forms can be found here:
